Adadda Agreement, 1997

(Translated from the original Somali)

The mediating committee proposed the following:

- Immediate dismantling of forces at Kur’aad
- Management of resources (in this case water) through xeer, or customary law
- Formation of berkedo in common grazing areas are prohibited
- For environmental reasons, deforestation is prohibited
- Use of movable plastic reservoirs will substitute construction of [permanent] berkedo
- Nugaal authorities will monitor and regulate the building of new berkodo in Tukaale as well as other nearby common grazing land;
- Nugaal authorities are also responsible for reimbursement for destruction of berkodo;
- Community elders shall administer the implementation of the mediating committee’s recommendations;
