Airport Hotel, Rumbek | Lakes State, South Sudan

17–20 November 2020

Preamble

We the local leaders, Paramount Chiefs, Executive Chiefs, Spiritual Leaders, Elders, Youth, Intellectuals, and Women of Agar community have suffered the consequences of prolonged inter- and intra- communal conflict.

We are aware of the destruction this conflict has inflicted on every aspect of our physical, social, and economic life and our mutual co-existence.

We regret the failure to avert the losses caused by this crisis in a timely manner.

We also appreciate the dedicated support provided by the Peacebuilding Opportunities Fund (POF) in partnership with UNMISS, which made this Internal Cattle Migration Conference possible.

Further, we appreciate the tireless effort of our state leadership, under Hon. Maj. Gen. Makur Kualang Liei, Governor of Lakes State, for ensuring relative peace and support to this conference till this day has been reached.

We recognise the United Kingdom Government for supporting the cattle camp research in the five sections of the Dinka Agar, the annual pre-migration dialogues, and this Internal Cattle Migration Conference.

We affirm our commitment to maintain this peace and restore lives, our norms and social fabric.

We assure ourselves, the Government and peace partners that we will continue to dialogue until a lasting and sustainable peace with all neighbouring communities is achieved.

We do, as a result of this, resolve today at this gathering, held at Airport Hotel Rumbek, Lakes State, to the following resolutions:
Resolutions of the Parties

1. We, the leaders of Dinka Agar community, who have gathered here for the last four days, have agreed to wait until the formation of the Special Courts to hear all the pending cases and ensure that all victims are compensated accordingly. We ask the leadership of Lakes State to address this as a matter of priority.

2. We have also agreed for any cases of cattle balances to be heard once the Special Courts are formed. If anyone recognises their bull or cow in the toc, they should report this to the Monitoring Committee immediately. It is the Monitoring Committee who should decide the course of action.

3. The conference has resolved that the migration of cattle to toc will be regulated by the Government prior to the movement. We have also agreed for the Government to set a date for the migration, until which no cattle camp should move.

4. We have agreed that if any individual(s) initiate the movement of their cattle camp to the toc without Government approval, they will be fined and held accountable.

5. We have agreed to conduct traditional rituals that used to be performed at Luak (shrine) by all sections and ask Panyar, Joth, and Amoth-nhom to contribute cattle to Luak Ajok Gop, followed by all the other sections.

6. We have agreed for our Spiritual Leaders, led by Panyar, to conduct the necessary rituals that are supposed to be performed before migrating to toc.

7. We have agreed no one should migrate to toc with a gun and anyone found with a weapon in toc will be disarmed and fined by paying five cows. In return, we ask the government to deploy security forces in toc to take charge of our security.

8. We have agreed unanimously to condemn cattle theft and cattle exchange, and that anybody who will be killed during the process of stealing will not be revenged and those caught should be punished heavily by the law. If the thief kills someone (owner of the cattle) in the process of raiding, the victim(s) should be compensated by 51 cows, paid to the family of the deceased.
9. We have agreed that the apprehension of thieves or cattle rustlers and murderers will be coordinated by the Paramount Chiefs, Executive Chiefs and Gelweng leaders. These individuals will be brought to the Special Court to be constituted by the Chief Justice.

10. We have agreed that if any person steals a cow, he will be fined five cows, to be paid to the Government.

11. We have agreed to discourage and stop brewing of local alcohol in the villages and cattle camps. We understand the destruction this causes to our young people, and we commit to working with our women to find alternative means of supporting families.

12. We have agreed that if any person of any section breaches this agreement, the first action will be for their leaders, starting with the Paramount Chiefs, to be arrested immediately, and they will be answerable to the government.

13. We the Delegates, Chiefs, Gelweng, Akut de door, under POF and the Lakes State Peaceful Disarmament Steering Committee, immediately after this conference, shall go and disseminate peace messages and these resolutions.

14. We ask the management of POF to extend its peace and reconciliation programme across Lakes State because we (Dinka Agar) cannot be peaceful and yet our neighbours, Yirol and Gok are still fighting one another.

15. We have agreed to consult and seek permission from the authorities and traditional leaders of Belle and Mvolo before migrating to their land.

16. We have agreed for the Paramount Chiefs, Executive Chiefs and Gelweng leaders to meet and review the progress of the agreement every six weeks. We ask POF and UNMISS to help coordinate these meetings.

17. We have agreed to continue to dialogue and resolve the pending issues, annexed to this agreement, with the support of POF, UNMISS and other peace partners.
