The Subject: Protection of public roads and the secondary roads of Yafa’

Based on what was agreed upon in a previous meeting of general directors, security directors, public officials of Works Department, roads, social figures, notables, leaders of the movement, and those involved in all four Yafa’ districts that are administratively affiliated to Lahij governorate in the house of Sheikh al-Naqib.

To protect and provide safety of the public roads, it was agreed on the following: -

1 - All acknowledges banning and outlawing all kind of attacks on the main and secondary roads, and no group or individual has the right to attack or disrupt them, for whatever the reason, because they are public routes that serve everyone and are a red line and it is forbidden to narrow or attack them from any party, group, or people.

2 - All endorse the protection of the main four pass roads from each side based on previous decisions made by the local councils during construction (taking into account the geographical nature of the district of Yahr in the de facto places outside the asphalt line, according to the view of officials there, for the public interest.
3 - It is firmly prohibited to narrow public roads or block them on the sides with any barriers, even temporary, be construction materials, equipment, or any other materials.

4 - In the narrow spaces where there is no adequate protection, as a de facto situation, paragraph (2) of leaving four meters in cases of construction, and paragraph (3) not to install fixed or temporary barriers.

5 - It is firmly prohibited to damage the asphalt line with random excavations to pass water, electricity, or other items. Also, it is prohibited to work or construct any hump or waterline except with an official license from the public works department and following the guidance of the director general of the directorate, and in an engineering and civilized manner, and ensuring the removal of random humps.

6 - It is firmly prohibited to issue building permissions near public roads, be residential or commercial, except after [obtaining] the guarantee and the commitment of the beneficiary not to overtake and disturb public streets and to protect them with barriers [during construction times].

7 - It is firmly prohibited to assault roads and sub-gravel roads, or damage approved plans (the current existing roads), or prevent repairing, maintaining, paving, and asphalting, and every directorate, region and village concerned, has to report damage or assaults [carried out] by any party or persons. The concerned authorities shall respond to any report quickly.

8 - It is firmly prohibited to throw garbage and dead animals on the main and secondary roads or on the sides [of the streets] or nearby places. All must preserve the public decency, appearance, and positive image, and the environment to reflect a positive image of the area and its people.

9 - As for public markets, it is necessary to regulate and keep them clean, and organize parking procedures, and not allowing trucks to unload cargo before two o'clock in the afternoon to facilitate car traffics in the markets, and traffic and security officers must organize this.

10 - The Works and Roads Department in the directorates, along with the security apparatus and the security belt, and in coordination with the directors of the general directorates, shall supervise and monitor all of the above, to control [future] violations, limit previous violations, and deal with them decisively and
responsibly in a way that [help] achieve the safety of the general and secondary roads and [وعدم التماثل بالمخالفات] and all citizens have to report any new violation.

11- This letter and what has been agreed upon will be copied for the relevant authorities in the four directorates, local councils, notables, leaders of the movement, social figures, all concerned people, and citizens in general, and everyone is concerned to preserve the main and secondary road lines, and stop assaulting or damaging them, and to immediately report any attack to the concerned authorities to stop and hold any violator accountable, and applying fines and the appropriate penalty for each violation, removing any innovations or obstacles.

This and Allah is the arbiter of success
